

Task1

```
C:\Windows\system32\cmd.exe

The even no. are:
2   4     6     8     10    12    14    16    18    20    22    24    26    28    30
    32    34    36    38    40    42    44    46    48    50    52    54    56    58
    60    62    64    66    68    70    72    74    76    78    80    82    84    86
    88    90    92    94    96    98    100

The odd no. are:
1   3     5     7     9     11    13    15    17    19    21    23    25    27    29
    31    33    35    37    39    41    43    45    47    49    51    53    55    57
    59    61    63    65    67    69    71    73    75    77    79    81    83    85
    87    89    91    93    95    97    99

The no. are:
1   2     3     4     5     6     7     8     9     10    11    12    13    14    15
    16    17    18    19    20    21    22    23    24    25    26    27    28    29
    30    31    32    33    34    35    36    37    38    39    40    41    42    43
    44    45    46    47    48    49    50    51    52    53    54    55    56    57
    58    59    60    61    62    63    64    65    66    67    68    69    70    71
    72    73    74    75    76    77    78    79    80    81    82    83    84    85
    86    87    88    89    90    91    92    93    94    95    96    97    98    99
    100

The max no. is:
100
The min no. is:
1
The average is:
50.5
```

Task2

```
C:\Windows\system32\cmd.exe

The names starting with 'K' are:
Kabir  Kai

The names with length less than 4 are:
Adi    Sid    M     Kai    Si

The names with length equal to 3 are:
Adi    Sid    Kai

The names in ascending order :
Adi    James  John   Kabir  Kai    M     Rock   Si     Sid    Usha

Press any key to continue . . .
