

Authentication:

The screenshot shows a web browser window with the title 'Register - Lab10_Authent'. The address bar displays 'localhost:44315/Identity/Account/Register'. The page header includes 'Lab10_Authent' and links for 'Home' and 'Privacy'. The main heading is 'Register' with the subtext 'Create a new account.'. Below this, there are three input fields: 'Email' (containing 'john@yahoo.com'), 'Password' (masked with dots), and 'Confirm password' (also masked with dots and highlighted with a blue border). A blue 'Register' button is positioned below the 'Confirm password' field. To the right, a section titled 'Use another' is partially visible, with text indicating 'There are no e details on sett external servic'.

Use another service to log in.

There are no external authentication services configured. See details on setting up this ASP.NET application to support external services.

Create Customer:

The screenshot shows a web browser window with the title 'Create - Lab10_Authent'. The address bar displays 'localhost:44315/customers/create'. The page header includes 'Lab10_Authent' and navigation links for 'Home' and 'Privacy'. The main heading is 'Create Customer'. The form contains three input fields: 'CustomerName' with the value 'John', 'Email' with the value 'john@yahoo.com', and 'MobileNo' with the value '2425'. A blue 'Create' button is positioned below the 'MobileNo' field. At the bottom, there is a blue link labeled 'Back to List'.
